## REDWINE HAS LONG RECORD OF SERVICE

### Second District Supervisor Seeking Third Term

Supervisor Guy Redwine, in announcing himself a candidate for re-election for the Second supervisor district post, says, "I favor all such projects as are for the advancement of Mendocino county, and only insofar as they do not work hardships upon the taxpayers.

"I was born at Covelo, in this county, and graduated with the class of 1900 from the Ukiah high school. I have followed engineering extensively and was employed in the railroad survey from Willits to Eureka—the original survey. I then turned to private practice.

"In 1906 I was elected county surveyor, and again in 1910. Later I was employed by the U. S. government for several years on public land surveys, and was engaged in the garage business at Ukiah from 1921 to 1937, and served as city councilman.

"Elected supervisor in 1940, I have served two terms. Am now chairman of the county retirement board, chairman of the building committee, the board's representative for contributions toward the expense of maintaining the county service officers, and also represent the board in all matters connected with securing funds under chapter 20 and chapter 47, statutes of 1946, by which state and federal funds are allocated for road work—building, construction, etc."

## Ft. Bragg Mill Worker Killed

Walter Kain, aged 37, received injuries at the Union Lumber Compan mill at Fort Bragg Wednesday night which caused his death a short time thereafter.

Kain was employed as a scaler in the mill and was on the log deck. Several logs were being moved to a position where they could be rolled to the carriage for sawing. One of these buckled and struck Kain, throwing him against an iron bulkhead. He then fell to the floor, striking on his head, sustaining the injury which caused his death. He died shortly after reaching the Redwood Coast Hospital.

The dead man was a veteran of World War II and was a member of Sequoia Post No. 96, American Legion. Commander Neil Berkovits is trying through the Legion's state organization to learn the whereabouts of surviving relatives.

## Burns Seeks Senate Seat

Assemblyman Michael J. Burns of Eureka, who has represented this Assembly district for the past 16 years, has filed for the state senate from the Third district, a seat which is being vacated by the retirement of Senator Irwin T. Quinn.

In a letter to this paper announcing his decision to run for the senate, Mr. Burns says, "The senate seat will consist of Humboldt county alone, but I desire to assure you of my continued support of the counties that I have had the honor of representing for the past 16 years.

"Will you also thank the people for their loyal support during that period and invite them to write to me as usual, of their many problems, as if I were still serving them as assemblyman, if indeed I shall have the honor to be elected to the senate."

## Richmondite's Car, Philo Truck Crash

I. E. Adair of Richmond was given a citation for being over the center of the highway Sunday night when his car collided with a truckload of lumber driven by Alvin Hansen of Philo, about a mile and a half west of the Boonville high school.

Adair was headed west and met the Hansen truck in a headon-sideswipe collision and was injured slightly. Audie Wilson, a passenger in Adair's car was also shaken up. Officer Reg Stinehoff investigated and issued the citation.

**ACCIDENT CLAIM SETTLED**

A compromise settlement for $1000 filed by Marshall A. Hearn, 50, of Willits, and the Redwood mill of Willits, was approved by the state industrial accident commission. Hearn was employed as an oiler last April, when he suffered a wrenched back while working on the framing of a rig motor base. Previously, he had received $2170 in disability indemnity payments.

Herbert James Woodin, 71, a brother of Roy M. Woodin of Willits, died March 4 at Alturas. He was a native of Virginia City, Nev.

## New, Drastic Plan To Save Electricity

### Industries Must Save Equivalent of One Day Per Week

The Pacific Gas & Electric Company has announced drastic new conservation plans, effective Monday, requiring all industrial, commercial and agricultural consumers to save at least a day's power supply each week.

Vice-President N. R. Sutherland said the regulations would remain in effect Monday through Saturday of each week for the duration of the state's drought emergency.

The new action came as the State Public Utilities Commission ordered an embargo on new electrical connections for industrial, commercial and agricultural users in northern California's drought-struck area.

The commisson said the ban on new electrical service did not apply to residential lighting or to service affecting public health or safety.

Clifford Bartlett, P.G.&E. Northbay Division manager, said he has received instructions to reduce the load in this area by 15,000 kilowatts a day, effective Monday.

Consumers failing to make the 10 per cent reduction in uses ordered by the Public Utilities Commission may have all their service discontinued for the duration of the emergency.

If all power users co-operate, a company spokesman said, it may be unnecessary for the operating department to pull switches when demands exceed the power supply.

Under the new plan industries will be called upon to discontinue use of power for the equivalent of one day a week. Stores and other commercial establishments will be expected to reduce their operating hours or cut their use of power to accomplish the same relative saving. Agricultural users will be asked to forego pumping operations one day each wek. The "no pumping" days will be specified and will vary in different sections, the company said.

## Five Running For Second Dist. Post

Five candidates for the post of Second district supervisor had filed their petitions with County Clerk W. J. Broaddus at the end of the week. In the order of their filing they are:

Samuel Erickson, Norman Furman, Paul Poulos, Guy Redwine, incumbent, and R. O. Foster. Three of the number, Furman, Erickson and Redwine, are registered from Ukiah; Mr. Foster is a resident of Talmage and Poulos now has his legal residence at Potter Valley.

Quite the largest array of aspirants for the Second district post in many years, it seems to herald a spirited campaign before the primary election in June.

The only other candidate to file for office during the first six days was Mrs. Ruby Hyman of Fort Bragg, as candidate for Democratic county central committeeman.

## Savings Bank To Add Floor Space

The brick building belonging to the Savings Bank, located at the rear of the bank building and occupied by the A. P. Book Shoe Service, will be vacated as soon as the frame shoe shop in the Gardner lot at the southwest corner of the Standley and Oak streets intersection is completed.

Soon after the brick building is vacated the bank will begin alterations to connect it with the main building for accommodation of their accounting department. An entrance into the annex will be opened on the south side of the bank vault.

This is understood to be only a temporary arrangement to relieve the crowded conditions, as the Savings Bank has ready an extensive building program which it intends to conclude at some future date to provide the facilities required for the rapidly growing business.

Irene Hamilton of 215 Norton avenue is back at work after being confined to bed for quite a while.

## Jas. Cleland Died Saturday Evening

James Cleland, son of the late B. L. Cleland and Mrs. Susan Cleland of Ukiah, passed away Saturday evening at his mother's home, 403 Park boulevard.

Funeral services from the Ukiah Funeral Chapel will be held Tuesday afternoon at 2 o'clock, followed by inurnment at the Chapel of the Chimes at Santa Rosa. Elbert Holland will be the officiating clergyman.

Jimmy Cleland was born in Ukiah, of one of the oldest of our pioneer families. He was educated in the local schools and attended a mortuary college to fit himself to enter business with his father in the operation of the Cleland Funeral Home. On the death of his father, he took over the business and continued until ill health forced him to retire. His mother is the only survivor of his immediate family. He was a member of Abel Lodge, F.&A.M., and was one of the most popular young men of this city, his death bringing deep regret to innumerable relatives and friends.

A nephew of Dr. H. O. Cleland, he was the cousin of Attorney Thomas Cleland and William Cleland of Ukiah.

Pallbearers will be Floyd and Gordon Gibson, Tom and Logan Anker, William and Thomas Cleland.

## Wayfaring Youth Tangles With Law

Sheriff Broddus was holding Edwin R. Krefoot, 18, for investigation while he hunted for the boy's relatives.

He is now on his way home to Oregon.

Krefoot was captured "enroute" in the early hours of the morning of March 3 when he stopped at the Wah-Me-Co Court, 10 miles north of Laytonville and tried to enter the place through a window.

Traveling by bike, Edwin was tired, cold and hungry, and perhaps a bit too eager to get inside. His efforts awakened H. M. Bartle, the owner, and when lights were turned on in the lodge, the boy went away, leaving his modus operandi leaning against the building. Bartle took charge of the bike and went back to bed, but not to sleep, and when the boy came back for the bike invited him in, shackled him, hand and foot, and took him to the Willits police, 35 miles distant.

## Semi Spills Load On Broglio Scales

A semi load of lumber headed for San Diego upset Friday morning just north of the scales at the Broglio Service Station and skidded onto the scales where the load of lumber was dumped.

The truck was the property of Edison Dye of San Diego, who was asleep in the cab when the accident occurred. His driver, whose name was not learned, was making his first trip over the route and misjudged the turn in the road.

Neither was hurt, although the back of the cab was torn away where Mr. Dye was asleep. The accident took place at 2:30 Friday morning and it was 10 o'clock that night before the reloading was completed.

## Worker Suicides Near Branscomb

Elmer Farley, of whom very little has been learned, shot himself to death on Tuesday night of last week near Branscomb. The body was found by W. A. Scott of Laytonville and turned over to the Anker Mortuary of Willits while Deputy Sheriff Al Reynolds of Covelo completed the investigation. Reynolds was substituting in the Laytonville district for Deputy Curtis Hollingsworth, who was ill.

Farley is said to have a wife at Drain, Oregon, and other relatives whom authorities have tried to locate.

## PARALYSIS DRIVE SETS NEW RECORD

### Dimes Marched to Tune of $13,685, All Time High

Mendocino county poured $13,685.05 into the 1948 Infantile Paralysis Fund, the largest amount by far ever collected in this county, and exceeded all expectations.

This amount divided equally between the Mendocino organization and the National Foundation, after deducting $580.91 for expenses of the campaign, cut the melon into two checks for $6552.07 and the check for our share of the proceeds was turned over this week by Fred Hamilton of Willits, chairman of the drive, to Arthur Schilder, president of the Mendocino County Chapter.

A letter to Mr. Hamilton from Edgar Lampton, chairman of the California State Employees Division, says:

"Dear Officer Hamilton: Once again you have turned in an outstanding performance for the March of Dimes. . . Mendocino county tops the entire state to date and it is unlikely that Los Angeles, the only county that could conceivably do so, will exceed your total.

"I was amazed that such a total could be raised in a county without large metropolitan centers of population and astonished that you were able to exceed your 1947 total by such a large margin. Please accept my congratulations and thanks for a job well done."

Towns and communities contributing to the drive and amounts turned in are as follows:

## Healdsburg Store Safe Burglarized

Hammer yeggs who have operated so successfully in recent weeks in Solano, Marin, Napa and Sonoma counties are moving further north, using almost the identical technique that worked so successfully at a State street place of business in Ukiah a couple of years ago.

At Healdsburg early Tuesday morning they battered open a large office safe of the Rosenberg & Bush department store and escaped with $200. Not a big loss for the firm and chicken feed for the cracksmen, compared to some other rewards for their labors.

That job was done by someone who was after money only, the report says, as a check of the store failed to show any merchandise missing.

This is a good time for local establishments to make a double check of their locks and bars before leaving for the night. Ukiah police blotter shows merchants have been very, very negligent in that particular.

## Noted Magician Comes To Hopland Hi School

The student body of the Hopland high school will present the wellknown magician, Ormond McGill, on Monday evening, March 15, in his humorous program, Magic That Refreshes, at the high school gym, beginning at 8 o'clock.

McGill's programs are much in demand for return engagements wherever he goes. In his personal appearances he brings an intellectual background, coupled with an understanding of entertainment, which assures his audiences the finest in exhibitions of magic.

Tickets are now on sale at the Hopland high school.

**OAKLAND "CHECKER" TAKEN**

Police Chief Lary Moore of Willits took Lenn Bryan into custody for Oakland authorities who wanted him on check charges and Deputy Sheriff Bill White brought him to the county iron-clad Tuesday.

### Hamilton Delivers March of Dimes Check

Highway Patrolman Fred Hamilton, chairman of the March of Dimes drive in this county, passes to Arthur Schilder, president of the Mendocino County Chapter of the Infantile Paralysis Association, a check for $6552.07, this county's share of the $13,685 total collected in this county. Hamilton's $5 Club was responsible for a total of $5488 of the amount.

## BOURBONS TO RUN BISHOP OF EUREKA

Loren Bishop, a native of Mendocino county and former Fort Bragg businessman, now manager of the Wellman-Peck Company, wholesale grocers of Eureka, was urged to enter the race for congress from the First district by the informal Democratic conference held in Ukiah Sunday.

The report says that progressive citizens throughout the First Congressional District, representing Democratic central committees, Granges, labor organizations and other interested groups, reviewed the congressional campaign picture and went on record, urging Bishop to enter the race.

Bishop addressed the meeting, outlining his views, but withheld definite commitment as to his candidacy, it is said, pending a more thorough contact throughout the district.

Butte, Humboldt, Marin, Mendocino and Sonoma counties were represented among the 58 persons present, and it is said that Colusa county sent a message pledging support of a Democratic candidate if one was chosen. Senator Drobish of Butte county, elected in a recent special election, was among those present and on the list of speakers.

Bishop was backed unanimously by the Humboldt County Democratic Central Committee and was pledged the support from all other counties represented. He calls himself a Roosevelt Democrat, in stating his convictions to the meeting.

## Ukiah Breakfast Club Sponsoring Town Hall Meeting

The Ukiah Breakfast Club within the next few weeks will sponsor a Town Hall meeting for the purpose of getting the citizens out en masse to learn from candidates for the city council their ideas on certain municipal matters which will be before them for action during the coming year.

Maters on which the Breakfast Club hopes to have the voters informed are the bond issue, sale of the ball park, city health program and improving and modernizing the water system. Such a meeting will serve also to get the voters and the candidates acquainted.

The time and the place for the meeting are yet to be selected.

Mr. and Mrs. Rex Jahn will spend the week in San Francisco, having gone down Saturday. They will attend the national cleaners and dyers convention that is being held in San Francisco for the first time in several years.

## EXPERTS SPEAK AT POTTER DAIRY DAY

Thursday, March 18, is Potter Valley Dairy Day, under the auspices of the Potter Valley Farm Center of which Ernest Moody is chairman. The meetings will be held in the Community church, beginning in the morning at 10 o'clock and running until 3 o'clock in the afternoon.

The program consists of discussions on dairy breeding, feeding and management, irrigated pasture problems, weed control, mastitis and bloat control.

Speakers will be G. E. Gordon, extension specialist in dairying; Dr. K. McKay, extension specialist in veterinary science; H. A. Anderson, commodity service department of the California Farm Bureau; R. D. Foote, farm advisor, and F. H. Taylor, assistant farm advisor.

Lunch will be served by the Potter Valley Farm Center ladies, a potluck dinner with meat, bread and coffee furnished. Those attending should bring salads or desserts.

A cordial invitation to attend is extended to all dairymen and others who are interested in the dairy industry.

## Three Injured In Weekend Wreck

Enid Matilda Wickstrom of Redwood Valley and Fred Moynahan of Talmage received minor injuries Saturday night, and Moynahan was given a citation for reckless driving by Patrolman Arif Stultz.

Out on the Boonville road, about eight miles west of the Redwood highway intersection, with both cars traveling west and headed west, Moynahan sideswiped the Wickstrom coupe as he assayed to pass. The coupe went off the highway and was badly damaged. The accident took place at 11:4.

## McNab Made President S. F. Improvement Club

John L. McNab, San Francisco attorney and prominent in civic and political affairs, was elected president of the Civic League of Improvement Clubs at a special election, George W. Gerhard, secretary, announced Monday.

McNab succeeds James Leo Halley, recently appointed to the board of supervisors. Halley offered his resignation, saying that he was taking this action in compliance with the spirit and purpose of the by-laws of the organization.

The executive board of the league accepted the resignation and the choice of McNab was unanimous.

## Water, Sewer Bonds Election For Apr. 13?

The Ukiah City Council laid before a well-filled council room Wednesday evening the plans for the proposed improvement and additions to the water distribution system of the city; the proposed additions to the sewage collection system and additions and alterations to the sewage treatment plant, and brought up for discussion the repeal of the ordinance passed for the purpose of creating the present baseball park, to permit the sale of the land, the money from which would be earmarked for the city's recreation grounds program.

The improvement of the water distribution system will be at an estimated cost of $257,000 and includes a 2,500,000-gallon reservoir, new 16-inch pipe line from the pumping plant, a 16-inch main from the well on the Vichy Springs road to State street, a 12-inch main on South State street and other minor changes throughout the system.

Such improvements would meet the fire underwriters' requirements and provide maximum fire protection and reduce insurance rates.

A sewage system to serve the territory embraced in the northern, southwestern and southeastern additions of the city will call for the addition of a collective system to serve the new territories and additions to the present treatment plant.

It is proposed to lay sewer lines in the northern addition and connect them to the present system. In the southwestern and southeastern additions sewer lines will be laid in the entire area and connected with the plant by a new outfall line, beginning at the railroad on River road.

The estimated cost of the northern addition sewer is $16,200; in the southeastern and southwestern additions $69,400 is the estimate. Revamping and enlarging the plant will be made at an estimated cost of $63,296 and will add a 45,000-gallon clarifier, a chlorinating system, etc.

In this undertaking, state assistance amounting to $36,000 can be had, provided the state health department standards are met.

A survey by three real estate agencies has set a conservative value of $44,000 on the present ball park, but it expected the land will bring much more than that price.

An area approximately twice the size of the present ball park is under option to the city near the municipal park, swimming pool and municipal clubhouse area which can be had for $11,000 and equipped for a ball park with adequate facilities at an approximate total cost of $44,400.

The water and sewer improvements are contingent upon a bond election in the future and the purpose of the Wednesday night discussion was to inform the people present, and arouse an interest out of which it is hoped will come a complete understanding by the people of what is required to be done to provide for the future growth of Ukiah.

The entire matter, it is understood, will be publicized by the council to assist in this complete understanding, so the bond proposition can be included in the municipal election of April 13.

## Unpaid Taxes Now $29,895

### Delinquency Over State Due to Higher Assessments

SACRAMENTO, March 10 — (WNS)—Delinquent taxes for the fiscal year 1946-47 increased somewhat over that of the preceding year, but the increase was blamed to generally higher tax rates and increased assessed values throughout the state, the state board of equalization announced today.

The delinquency ratio during the fiscal year was 1.680 as compared to 1.500 the preceding 12 months, to form a 12% increase, the board said.

In Mendocino county, taxes this year totaled $1,280,947 of which $29,895 was delinquent as compared to taxes of $911,170 last year and a delinquency of $6961, the board said.

Tax collections in all counties of the state this year totaled $421,113,748 as compared to collections of $330,623,986 last year with the delinquency this year amounting to $7,073,878 and last year $4,958,708.

Little Alpine county collected 100% of its levy. Other rates ranged from .155% in Amador county to 4.868% in Trinity county.

## Friends Prompted Orr's Candidacy

Fred Orr, candidate for city councilman, is a home product in every sense of the word. He was born in this neighborhood, of pioneer stock who was here in 1860.

In the beginning of the idea of trying for a seat on the city council it was his friends who promoted the thought and urged Mr. Orr to run. The idea finally "took" with him and he is now all for it and promises that if elected he will apply to the job of councilman the same energy that has made his own business so successful.

Mr. Orr is a member of the local Eagle lodge and a past master of the Masons. His business includes the Chrysler-Plymouth automobile agency and garage and the Ukiah Motor Sales & Auto Body Shop.

## Local Air Passenger Traffic Now Up 107%

Southwest Airways' January pasesnger traffic, although reflecting the seasonal decline common throughout the industry by falling short of the preceding month, showed an increase of 106 per cent over that of the same month last year.

Air mail and air express carried also showed marked increases over last year January figures. Gains were 47 per cent and 180 per cent, respectively.

More recently inaugurated air freight once again reflected the steady monthly increase enjoyed since its August 1 inception. A total of 31,901 pounds were transported over the Pacific Coast system as compared to August's 15,443 pounds and December's 29,871, pounds.

Karl Stitcher, Southwest's local station manager, reports that Ukiah January passenger traffic was an increase of 107 per cent over that of last February, initial month of the station's operation. Air mail and express also showed increases.

**CALIFORNIA HAD INFLUENZA**

Influenza reached epidemic proportions during the month of January, the state department of health said today, with 5778 cases reported during the month as compared to 218 in January, 1947. Communicable diseases in January of this year totaled 20,697 cases, with chickenpox ranking second.

## Lane's Residence Badly Damaged

The Ukiah Fire Department sent a truck to Calpella Sunday evening where the home of Mr. and Mrs. Elbert Lane was badly damaged in a fire of unknown origin.

The Lane family was away from home and the fire had gained considerable headway when discovered. Furniture, including the piano and radio, and the interior of the home, were badly burned. The house was a 3-room structure.

The Ukiah and Redwood Valley departments responded to the alarm. Ed Cadd, Burton Thurston, Pete Carmichael, Clarence Mitchell and Floyd Ross accompanied the Ukiah truck.

**O. E. S. SOJOURNERS NIGHT**

Monday night at the Masonic Temple will be open house for sojourners with Mrs. Myrtle Eglin as chairman, in charge of a very attractive program, planned to provide a pleasant evening.

## Roberts Presents Tournament Cup

Bob Clark, Ukiah golf pro, is proudly displaying the new look in golf interest this week in the shape of an attractive trophy to be presented this season to the winner of the Elks Midsummer Handicap Tournament. The handsome Oscar has been donated by H. D. Roberts, local jeweler, in an attempt to interest brother Elks and other Ukiah clubs and fraternal organizations in summer tournament play. Twenty local Elks have already been signed to represent that organization.

In charge of gaining a Rotary Club representation is Irving Brazier. Dr. J. B. Massengill is rounding up Lion Club golfers, and Karl Keller is stirring up 20-30 Club members. Soliciting C.S.E.A. golf addicts is G. O. Calden.

"We're hopeful of hearing from the V.F.W., the American Legion, and many other Ukiah clubs and lodges and would like to enter an 8-man team from each group," Clark said.

"Remember, all players must have a handicap. In order to establish a rating, all entrants must present five 18-hole score cards, so we're urging all golfers to get busy. Ukiah golfing activity this year will start off with the Palace Hotel Spring Handicap tournament in the latter part of April, followed by the Roberts Mid-Summer Service Club tournament. Other tournaments include the Redwood Journal City Championship and the Wildberger's County Championship.

### CAMP FIRE GIRLS TO ATTEND
Camp Fire girls, their parents and their guardians will receive reminders of the special Campfire week that starts off March 14 by all of the Camp Fire girls in Ukiah attending the Episcopal church in a group with their guardians and parents. The girls will be in their new uniforms, which are described

Members of the Ukiah Lions Club bowling team treated the visiting Fort Bragg Lions Club team to dinner at the House of Garner last Sunday night, when about 25 men and their wives were present. The Ukiah men lost to the visitors and paid for the chicken dinners and the informal party.

## Lakeside Hospital Is Sued For $5000

The Lakeside Community Hospital of Lakeport is defendant in an action for damages filed here by Mary E. Scott, who claims that while she was a patient in the hospital in March of last year an employe put a hot water bottle in her bed then gave her a hypodermic injection which caused her to become unconscious and that while in that condition her body came in contact with the heated container so that her left leg was "seriously and dangerously burned."

The complainant asks as general damages the sum of $5000, with an additional $150 which she claims was expended for physician's care during the nine months the burn was healing.

Legislative measures passed at the special session which are most important to the people of Mendocino county are the oil bill, a provision of which devotes 30% of the revenue to the state park commission for maintenance of state parks; approval of a $6,000,000 allowance to the state emergency fund and $5,000,000 for flood damages; $6,000,000 to the old age pension fund, and $4,900,000 for unemployment relief.

The fight against the commercialization of state parks in the Redwood Empire came up again Monday at Santa Rosa at a special meeting of the north coast park committee of the chamber of commerce. The mystery of the disappearance last May of Clarence Douglas of Farley was solved when his remains were found by L. L. Leonard on a hillside six miles east of that place. Douglas disappeared from the Preston ranch near Farley, where he had lived for the past 14 years. Mr. Leonard was on the hillside Sunday when he found a pair of old shoes. They had been exposed to the weather for a long time, but he noticed that they were carefully laced. Recalling the disappearance of Douglas he started looking for the remains. A rifle which lay alongside the skeleton showed the cause of death. The skull had been badly shattered by gun shot.

# Wildcats Win From Faculty

## Oldsters Prove Competitive Threat In Hoop Series

Ukiah faculty members and the Wildcat "A" and "B" teams, the long and the short and the tall, went at their basketball competition with wild abandon and enthusiastic fans cheering as the badly winded teachers dropped the main event to the "A's" 32 to 24 and won 37 to 21 from the "B's" Wednesday night.

Exhibiting a real scoring thrust and a floor game that creaked in the passing and rebound department, the pedagogues pulled themselves together often enough to pot a number of set shots with surprising accuracy, winning from the "B's" 37 to 21.

Murphy, the B team mentor during the regular season, rolled up 9 points against his charges to win the scoring honors, closely followed by Simpson and Dietterle with 7 and 6 markers respectively. Busch led the "B's" with 8 points. Burning up the maple for the 'teaches' in a fast floor game was W. Tulley, popular high school social science mentor, who is probably nursing a variety of floor burns as a result of the Wednesday engagement.

Chief source of entertainment for the fans were the extremes in physical build displayed by the hoop talent. Coach Bill Piedmont moved his 200-odd pounds of physique sedately through several quarters of each contest. Representing the diminutive department on the court was lightning-fast Piffero, who drew a big share of the free throws for the Wildcat "A's", being fouled continually by several of the less agile faculty oldsters.

The teachers' triumph in the preliminary was short-lived, as the Wildcat "A's" proceeded to trim them down after they weakened visibly while the main event was only a few minutes old. Simpson, Oaks and Murphy shared the scoring laurels for the faculty in the final event, with Lolonis leading the "A's" with 8 counters.

## Bogus Check Pair Are In Custody Up North

Willie C. Benedides and wife, who operated successfully a paperhanging racket in this community late in January, are in custody at Couer d'Alene, Washington, with probably a 50-50 chance of coming back for prosecution.

The Benedides specialized in checks of $32.50, and Sheriff Broaddus is reliably informed that they scattered at least one hundred of them throughout this state. He is now checking to see if this county has a priority.

## This Barber Had Taste For Decorations

# Local Barber Mental Case

Claude C. Gardner, a barber employed locally for the past three weeks, was taken in police custody Friday and turned over to county authorities for investigation as to his sanity.

The police were called to Ostini's lunch room by a report that a man was there, dressed in a lady's fur coat and wearing many articles of costume jewelry. When the police caught up with Gardner he was at the Palace Hotel selecting a magazine from the news stand. Not only was he wearing the fur coat and jewelry, he was decked out with war medals galore and carried in his belt a stove poker and a hatchet. Around his neck was a cravat of two silk stockings.

Going deeper into Gardner's recent actions, Police Chief Viarengo learned that he had spent a night in a cabin on the Fish Hatchery road, cooking himself a meal and sampling various preserved tidbits. For diversion he had played mumblepeg and practiced throwing butcher knives. In the latter pastime he found the temper of the metal not to his liking and had tried to remedy the defect by heating the blades.

An American flag found in the cabin was nailed to the chimney as a patriotic gesture.

Gardner's mother is said to live at Santa Pauli and the police report shows that he once was an inmate of the Patton State Hospital.

## C.E. Union Held All-Day Festival

The music festival and oratorical contest held in the Presbyterian church at Lakeport last Sunday has been declared a fine success by both leaders and participants.

The meeting began with the song service led by Karl Irvin, northern California regional vice president of Christian Endeavor Union, with Mrs. Oran Bollinger at the piano.

Mrs. Ada Romer, county president, welcomed the members and guests to the contest. Then a moment of prayer was led by Rev. E. W. McCash.

Miss Margie Vinson was made manager of the flag race, which is to enliven interest in pre-registrations for the state convention to be held in Fresno, June 24 through June 27. Norman Hill was named assistant manager and together they hope to arouse enthusiasm for a good representation from Lakeport-Mendocino group.

In the contests, Miss Joyce Enzler of Ukiah won the oratorical competition, having as her topic, Growth in Christ Through Service. The winners for music included a vocal quintet composed of Nancy Richwine, Joyce Enzler, Margie Vinson, Dan Hill and Bob York singing Only Waiting and Fairest Lord Jesus.

Junior group winners were Adalie Romer and Janet Rust in a duet of two songs, He Loves Me, and For You I Am Praying. Both of these contests were accompanied by Mrs. Marvin Romer.

Edgar and Norman Hill won the instrumental award with a trumpet duet in which they played Bells of St. Mary's.

The awards were made by Mrs. Karl Irvin.

Supper of sandwiches, cake and hot chocolate was served by the women of the Lakeport church. There were about 25 from Ukiah present.

The Bible memory contest was not held due to the absence of several contestants, and this will be held at the Christian Endeavor Union in the Christian church at Ukiah, April 21. That is the day Ralph McQuaid, field secretary of California C. E. Union, will be present.

April 21 will complete all eliminations and on that day winners for the May 9 sectional meeting in Sonoma county will be named and the exact location of the Sonoma county meeting announced From Sonoma the winners will go to the state convention in Fresno June 24 through June 27, mentioned above.

Miss Shirley Laursen of Santa Rosa has been secured as vocalist for the program and she will be accompanied by Mrs. John Hoefer of that city.

It is to be an open meeting for members and they will not have to use their guest cards, which permit them two guests a year.

## POUNDING PARTY FOR THE COOKS

The old fashioned 'pounding' custom has been revived in Ukiah by members of the Seven Thirty Club and Sunday night Mr. and Mrs. Leon Cook were welcomed to Ukiah in regular pioneer fashion, with each guest taking a pound of food.

Herbert Thatcher was responsible for the moving pictures recording and slides on refreshing arrangements of flowers. It was a splendid addition to the program and filled with ideas for the use of many different plants including corn stalks, ribbon cane, even weeds for the seasons when the flower supply runs low. Fritz Linquist was the one to show the films.

Then there were stories of pioneer days which revealed that despite the fact of his grandparents' birth in Mendocino count, W. H. Brunner is nothing but a foreigner, coming here after he was three years old.

Jim Massengill told of a mountain of rock that swells seven times its size when put in water, assumes a gelatinous consistency.

This and a mineral water from the same mountain, the doctor said, were hemostatic but not eschorotic, which some people consider not so hard as a visit to the dentist.

LaBelle Roberts gave a resume of the purchase of the land and the building of the Presbyterian church.

Mrs. A. S. Fraga and Hal Brunner had some interesting yarns about the Pomo Indians, their monetary system and basket weaving.

There were between 40 and 50 there to welcome the Cooks. The evening was concluded with the serving of ice cream, cake and coffee. The entertainment committee consisted of Mrs. Herbert Thatcher, Mrs. J. B. Massengill, Mrs. Alex Tregoning, Mrs. A. S. Fraga and Mrs. H. D. Roberts.

## MISSIONARY CIRCLE GOES TO COUNTRY

Mrs. Charles Whittaker, who has been president of the Baptist Missionary Circle for over four years, opened her Potter Valley home to 23 members of the society for their regular meeting last Thursday.

A committee was appointed to nominate the officers for the new year starting in April. Two letters were read from missionaries in China. They contained much interesting material on the living conditions, the economic conditions and the requirement in the work of missionaries in China.

It was time for their second love offering, which is given to the missionary selected by the society requiring it.

Mrs. Whittaker served refreshments of home made cake, open faced sandwiches and coffee. The women of the Missionary Circle say it is a pleasure to spend an afternoon in the country homes, such as Mrs. Whittaker's.

## District Officer Visits Rebekahs

The official visit of the district deputy president, Mrs. William Collier of Willits, and initiation of three candidates, Miss Jolene Metzler of Hopland and Mesdames Sam Davina and Horace Ivey, Jr., were the high points of interest at the Monday evening meeting of Cornelia Rebekah lodge No. 205 in I.O.O.F. hall.

Mrs. Collier, handsome in a camellia pink formal and carnation corsage, was escorted to the right hand of Cornelia's noble grand, Mrs. Vern Bickford, by Mrs. Presley McPeak of Willits, grand marshal for the evening. During the initiation Mrs. Collier gave the secret work for Mrs. Bickford and later she gave instructions of the assembly president, Mrs. Florence Bonetto. Mrs. Nat Beckley expressed appreciation of Mrs. Collier's fine work in the deputy president's office and presented her flowers.

The delegation coming from Willits with Mrs. Collier included Mesdames Arthur Thompson and Grove Foster and Mr. and Mrs. Presley McPeak.

During retirement of the officers before and after the initiation ceremony, Mrs. Marvin Romer served as noble grand, Mrs. Paul Martin as vice grand and Mrs. Ernest Humphrey as inside guardian. A full corps or officers presided for the ceremony.

The secretary, Mrs. Vern Yates, read a letter of the I.O.O.F. grand master, Fred Ballew, in which thanks were expressed by V.F.W. and American Legion for the Odd Fellows occupational therapy building at Yountville. A letter from Mrs. Bonetto, assembly president, gave May 11 as the date of the assembly at Long Beach and four delegates as the quota for Cornelia lodge. Mrs. Bonetto asked observance of April 9 as Orphans' Home Day.

The lodge indorsed Mrs. Alena Mathinson of Boonville for the office of district deputy president of district No. 68 succeeding Mrs. Collier. Donation to the Red Cross was authorized. Mrs. Pierce Stipp reported the dining room had been given one coat of paint. With regret the lodge voted transfer to Sunkist Rebekah lodge No. 368 of Mrs. Ira Utter, past noble grand of Cornelia lodge and a Ukiah resident of many years who now resides in Indio.

Among visitors were Mrs. C. N. Snyder and daughter, Mrs. Oakley of Nicholson, Pennsylvania, and Mrs. William Haworth of Upper Lake, publicity chairman of Assembly District No. 1. Mrs. Oakley and Mrs. Haworth spoke.

Mrs. Mary Von Tagler and Mrs. Etta Dorman were on the refreshment committee and they served a delectable salad, wafers, cup cakes and tea and coffee. Mrs. Von Tagler decorated the tables with daffodils into which coloring had been injected while they were still in bud. ## Last of Community Concerts On March 16

Appleton and Field, duo pianists, are the artists who will appear in concert in Ukiah Tuesday evening, March 16, at 8 o'clock in the auditorium of Ukiah Union High School. This is the third and last of a series of three concerts for the winter season of 1947-48 arranged by Ukiah Community Concert Association.

These two musicians are among the few of the hundreds of artists on the community concert series who have been systematically re-engaged for the following season after nearly every concert. Their present tour includes some 75 engagements, such is the popular appeal of their performance.

Hailed by critics as "two artists of the keyboard who play and think as one," the duo-piano career of Vera Appleton and Michael Field was merged almost by accident. Vera, born in Tulsa, Oklahoma, and Michael in New York, met at Juilliard Graduate School in New York, where both were students.

While their professional lives are closely linked with musical sympathies, their personal lives do not follow the usual duo-piano pattern. Vera Appleton is Mrs. Alan Bressler, wife of a young business executive who is an amateur musician. Michael Field keeps bachelor's hall in a New York apartment.

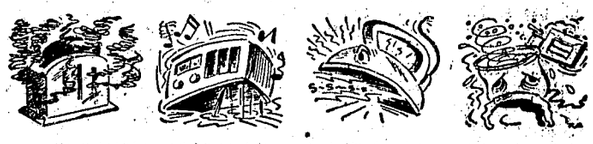
**8 WAYS to Save Electricity in Your Home**

Seemingly small savings of electricity in your home today are more important than you may realize. Because every time you let a light burn needlessly or flip a switch and allow an appliance to run idly, it puts additional "load" on electric lines. Your extra use, multiplied by thousands of other homes, adds up tremendously. And at the other end of these lines, a generator must meet that load, using hundreds of gallons of precious water per minute. And because of the prolonged drought and extremely light snow pack in the mountains, the conservation of water is even more vital to the general welfare.

*Watch Wasteful Use of Lighting and Save Electricity*

1. FLICK OFF... lights when you leave a room.
2. TURN OFF... all lights you don't really need.
3. CHECK FOR... lights burning in unused rooms.
4. IT'S EASY.. to forget porch and garage lights.

*And Watch Wasteful Use of Appliances Too...*



5. BURNED TOAST Toast that goes up in smoke wastes bread...electricity.
6. RAMBLING RADIOS Radios left to ramble on without listeners shorten tube life and waste electricity.
7. SIZZLING IRONS Irons that get "too hot" scorch clothes and waste electricity.
8. WEARY WASHERS Washing machines that run idly wear out sooner and waste electricity.

*A SPECIAL MESSAGE TO BUSINESS MEN:*
You can help save the day. The Public Utilities Commission's electric conservation regulations provide for a ten per cent reduction in use by stores, shops, restaurants and all business establishments. Rules prohibit illumination of advertising signs, flood lighting, show window lighting, etc., but we ask you not to stop there. Pull the switch on every circuit not vitally necessary. Cut down load in every part of your plant in the public interest.

*REMEMBER — ELECTRICITY SAVED IS WATER CONSERVED!*

# ★ Willits News Notes

WILLITS, March 11 — Food rather than politics is in the limelight this week. Last Friday the Odd Fellows held their potluck dinner. It provided not only a chance to eat a home cooked meal without cooking it all yourself, but gave the 30 people attending an opportunity to "chew the fat", play cards and have an all around good evening. Designated hosts were Marshall Merritt, Peter Recagno and Darroll Page, but each person who attended and each one who brought either a hot dish, a salad, or some kind of dessert was indirectly responsible for the success of the gathering.

Leland Cureton, Mr. and Mrs. C. J. Elliott, Hr. and Mrs. Louis Bertain, Sr., and Mr. and Mrs. Charles Zanella joined delegates from Hopland, Fort Bragg and other towns in the county at a dinner last Saturday, as guests of the Ukiah members of Mendocino County Voiture No. 912, 40/8. Although it had originally been scheduled with corned beef and cabbage on the menu, the gentlemen evidently borrowed the woman's prerogative of changing her mind and came up with a luscious roast, mashed potatoes and gravy, crisp vegetable salad, hot French bread, ice cream and cookies. Hats off to the chefs. After the feast a meeting was held at which child welfare was the topic. Judge Lilburn Gibson, Stanley Dunmire, national aumonier, and Rev. B. F. Parrish spoke on the subject. All came away feeling that they had gained knowledge as well as extra pounds.

Still another dinner was the one held last Sunday at Quadrio Park, honoring Basillo Quadrio's birthday. It was an Italian dinner from the roast pork and paste to the coffee and wine. The cake and pastries were a gift from the new owners of the Willits Bakery, the Barbieri family, while Maria Quadrio may take a deep bow for the remaining cookery. Among the guests were 18 of Basilio's fellow firemen, Bill Whitney and Judge Lilburn Gibson. With dinners like that we're glad Basilio wasn't born on February 29th!

If your mouth isn't watering already, be on hand at the Horsemen's Association meeting March 26. It should consist of a short business meeting, a potluck dinner folowed by dancing. Sounds good but where are the horses?

Honored queen, Barbara Couey, and sister Shirley, with June and Betsy Page, Beverley Stoddard, Jean Pippin, Ann Holloway, Roberta Barnes, Jackie Childs, Margaret Ruediger, Jean Bullock, Jean Donaldson, Gayle Metzler, Bobbie Ray and Ruth Carlisle, donned their best pajamas and joined the slumber party held by Jobs Daughters where Mrs. Jayne Harrah and Ellen Black were advisors. However, had their advice included sleep it would have been overruled as the majority of the girls spent the night eating, dancing and singing. Should you hear any of the young ladies discussing an object that looked like a huge balloon, they are describing the bubble blown by June Page in a bubble gum contest some time between Saturday night and Sunday morning. Adding to the entertainment was a hula by Jackie Childs and from what we hear, the gal's good. Despite the sleepless night, Barbara Couey, Betsy Page, Barbara Stoddard, June Page, Margaret Ruediger of the girls and their advisors, Jayne Harrah and Ellen Black, recovered sufficiently to join Mrs. H. J. Donaldson, Mrs. Ruediger, Mary Stone, Olin Samples and Bob Camp at their visit to the Ukiah Bethel on Monday night. The impression received by all was that the girls in Ukiah know their work thoroughly and an extra round of congratulations is due them as they have been working under a severe handicap, six of their girls having had typhoid fever. Good going, girls, and now prepare for the visit of your deputy grand guardian, Stella Jensen, who will be in Willits March 18, and in Ukiah on the 22nd.

Dame Fortune has been kept busy keeping people from killing themselves or others on the highways around Willits recently. Trying Dame Fortune's patience recently were August C. Biestman of San Francisco who drove recklessly and consequently paid a $100 fine when apeparing before Judge Fred Foord on March 6. Francis Shafer of Oregon, a veteran on his way home from discharge center, paid a like fine in the same court for causing a head-on collision by driving on the other fellow's side of the white line. Luckily no one was seriously injured. Leon Frider also was lucky inasmuch as he was not hurt when he turned his car over. Lucky, too, that his fine was only $25.

The feathered doc decided to be impartial to communities and so left a boy, Ronald Bert, for the Antoni Twardowskis of Willits on March 5, while on the 6th it was Lucy May for the Arnold Cannons of Laytonville and for Mr. and Mrs. Walter Atwater of Covelo it was also a daughter on March 8th. Evidently he will return in the not too distant future as a surprise welcoming shower for the little Tooler-to-be was given his mother, Maryln, by Mesdames Dorothy Hopper and Phyllis Gilley on March 8. Hearts were played with Ruth Charters taking first prize, a cosmetic bag; Barbara Steadman received the low score and took vases home. Mrs. Evan Jones, at whose home it was held, and Mesdames Pauline Safford, Barbara Steadman, Ruth Charters and Billie Bartow joined the hostesses in doing justice to a generous serving of nut roll, cookies and coffee.

Anticipating an addition to their family soon are the Frank Porros and to honor the coming event Mrs. Patty Garliepp invited Ernestine Porro, Emma Lou Alcott, Roberta Poncia, Ella Cavanaugh, Elouis Whited, Skip Case, Shirley Case, Mildred Hill, Earlene Whittaker, Lorraine Lewis, Betty Mitchell, Ella Mae Murry, Charolette Johnson, Alice Busby, Helen Cavanaugh, Betty Morris, Midge Collins, Betty Deghi and Evelyn Collier to meet at her house last Friday night and bring gifts appropriate to the occasion. They all came, brought lovely gifts and good wishes and settled down to Dutch whist and bridge which broke up only when a buffet snack of macaroni and potato salad, sandwiches, cookies, coffee, hot chocolate, candy and gum was served. The latter two in attractive baskets trimmed to match the pink and blue candles were used to decorate the table.

Starting on the road to recovery is Mrs. Izetta Baker, who underwent major surgery last Friday at the Howard Memorial Hospital.

H. C. Jorgensen was absent from Willits Tuesday as the gentleman was in San Francisco rounding up stage equipment, costumes and other needed material for the Lions minstrel show.

On the calendar of future entertainment is the donkey basketball game with donkeys trained to do the wrong thing at the right time. It should take place on the 15th, with Frankie and Johnnie's Suds playing Bertains, while Al's will take on McEntire's. Circle the date on your calendar and come up to see the local gentlemen make asses of themselves on donkeys.

In New York by now is Lennart Olfson, brother of E. Olson, local tailor, who left here last week on the first lap of his journey to visit friends and relatives in Sweden. Deciding to take advantage of the opportunity to see the country Mr. Olfson made the trip by way of Texas and Louisiana and then on to New York. Smooth sailing, sir.

Come curtain time for the stage production, Oklahoma, in San Francisco on March 12, three couples from Willits will be in the audience. They are the Jack Crocks, Don Camerons and the Bob Alcotts, who plan to motor down for the event.

Guests at the regular monthly meeting of the American Legion last Friday were Ben Branscomb, commander of the Laytonville post, "Tiny" Ryan, first vice, district one; Don Burbeck, area service officer, and Ralph Elliott of Fort. Bragg. In adidtion to the regular business meeting conducted, a training film on the method of contracting such diseases as cancer, T.B. and typhoid, was shown, an dthe need of a per-

—(Continued from Page 7)—

manent health unit in each community was stressed. It was also brought out that the First district is first in membership for the first time, with 2000 paid up cards. Oh ye, Basilio Quadrio won the kitty of $5.20—lucky man.

Seen in Willits last week was Harry M. Burke, former county clerk. His visit was prompted by the monthly meeting of the Spanish-American War veterans, in which Mr. Burke holds the position of adjutant.

Missing from Willits for approximately three weeks will be Bill Jamieson of the division of forestry, who has been sent to the southern part of the state on business. Bet he'll miss the green hills of Wililts.

John Murrow and Bruce Roby had a man to man talk last Sunday and decided that John would do for a grandfather and Bruce was an ideal grandson. It is well that they approved of each other, inasmuch as Mr. Murrow had come all the way from Los Angeles for his first visit with his grandson.

An election was held Tuesday son of Mr. and Mrs. Ken Roby. night with about 30 of the eligible voters present. The place was Leak's hall and the officials elected are to serve as the governing body of the Willits Business and Professional Women's Club for the coming year. The electees to be officially installed on March 23 are Pet Brewer, president; June Roby, first vice president; Jimella Heckendorf, second vice president; Eleanor Lewis, recording secretary; Betty Morris, corresponding secretary, and Birdie Jamison, treasurer. Other business included the endorsing of several candidates to run for state offices and annual reports of all the standing committees.

Members of the cooperative nursery school met Monday evening at the Methodist church for their bi-monthly round table discussion on pre-school children. Mrs. Edward Daskam gave a fine report on Dr. Benjamin Spock's Common Sense Book of Baby and Child Care. The group is grateful for recent contributions for the 20-30 Club, Women's Improvement Club, Sears Roebuck Foundation, and the assistance given on mimeograph work by Lyle Thuenen. The mothers are completing their T.B. tests after which they plan to work actively toward assisting to carry the school bond election by the necessary ⅔ majority, and urge all citizens to register to vote, and to vote. They also offered use of their school to the schools for one year if this would help the city get credit for their first year of a locally run kindergarten, but as yet, no reply has been received. The next meeting will be held on Monday, March 22, when Dr. G. W. Patterson will speak on nutrition. Regular meetings are held on the second and fourth Mondays and the public is invited to attend.

The Spotlight mentioned that 10 years ago, March 8, Charles Moore, local bootlegger-at-large, stood on his rights as an American citizen and refused to be floated out of town and his opportunity for 60 days free board and lodging after conviction for selling joy water to the Indians-about-town. History almost repeated itself, for on March 9, 1948, William Donahue was floated out of Willits on the same charge and told emphatically to stay out by Judge Sacry. Should he return he will find more than 60 days free lodging awaiting him.

Others appearing before Judge Sacry through the courtesy of the police force were Virgil Tollerson who paid $25 for being drunk and disorderly and L. R. Alvarel of Hesldsburg who "forked" over an identical sum for being drunk in and about an automobile. Another guest of the W.P.D. was Lynn Bryan of Glennwood, who was turned over to the sheriff's office for further transport to the Oakland police department, where he faces a felony warrant for bad checks.

'Tis time, the walrus said, to talk of many things. 'Tis time, we agree, but not to talk of many things, but rather to chip off the rust from your spurs, polish up your boots and chase the moths out of that good pair of levis. Or in short start planning your part; parties and general rip roaring time at the Frontier Daye Celebration. In addition to the previously announced free street dance on July 2, on the 3rd the parade will start at 1 p.m. with rodeo and fireworks following and the dance at the pavilion finishing the day. On the 4th there will be another parade with prizes, of course, the rodeo, and to top the event off the celebration will close with dancing to the music of Dude Martin and his 9-piece orchestra. Although firemen and members of the Willits Chamber of Commerce met with officials of the Fort Bragg Chamber of Commerce and members of the American Legion in Fort Bragg last Tuesday night and discussed the possibility of having the Frontier Days Celebration and Paul Bunyan Days planned so as not to conflict on the dates and thereby leave many people with the problem of going to one only when they would like to attend both, no decision was reached. The tentative plan before the officials responsible for the shindigs is to have whoopee raised in Willits on the 3rd and 4th while Fort Bragg raises just as much whoopee on the 4th and 5th. One thing definite thus far is that Max Barbour of Klamath Falls, Oregon, will furnish all stock for the show, so RIDE 'EM, COWBOY.

While on the subject of cowboys, Johnny Bertainno and his Westernaires spent last Saturday playing for the local fans of western music. Cant' say if it was that the tempo of the music was too fast or if dancing in high heel boots did it, but several people were seen being picked up from the floor. Tch, Tch.

From where I sit ... by Joe Marsh

Ben's Bride Gets Chickenhearted

Ben Ryder was mighty proud of his young bride when she offered to care for his new flock of baby chicks. "Just like a mother with her brood," he boasts.

Then came market time for fryers—and the crisis! Sue simply wouldn't let Ben near her chickens with an axe. She'd raised them as babes . . . she'd named them . . . they were her very own!

Ben poured himself a glass of beer, to think things over sensibly. He hated to lose the price on fryers . . . but he figured Sue had put up with *his* peculiarities, he guessed he could put up with her fondness for the chickens.

So now Ben has the nicest brood of laying hens in town, and from where I sit, one of the most successful marriages, too. All because he "lived-and-let-live"—literally. And whenever he wants fried chicken, he takes his bride over to Andy's Garden Tavern for a crisp wing and a glass of beer.

# Battani Gets 30 Days, Fine

## Two-Year-Old Case Of Coast Burglary Is Wrapped Up

Bruno Battani of Fort Bragg has begun serving a 30-day term in the county jail as the first condition of his probation granted by Superior Judge Lilburn Gibson, after Battani's conviction of burglary. During his residence at the county jail, Battani must contrive the accumulation of $500, the amount of his fine, to be paid within 30 days.

According to the charges, for which he was tried by jury and found guilty, Battani, on March 20, 1946, entered the vacant home of the estate of the late Seth Simmons of Fort Bragg and took a kitchen range, which he later sold to a family at Noyo.

Battani's arrest is another example of how the law and order boys under Sheriff Broaddus get their man. Deputy Sheriff Bartolomie was assigned the case, and as the discovery of the theft was some time after its occurrence, the trail was awfully cold.

Almost two years later, while actually investigating another matter, Bartolomie picked up the trail of the stolen range, with the result that Battani was soon charged with the crime. The house from which the range was taken was near the Battani home in Fort Bragg.

At about the time Battani was charged with the burglary he had come into notice by reason of an alleged assault of his estranged wife at a dance in Caspar, and in this connection there is special significance in that part of Judge Gibson's provisions of probation, which runs for two years, Battani is charged to keep out of fights and not to beat up any women.

Charges of wife beating were never filed against the man.

# Bring Action For Trespass

A complaint for damages was filed last week by Louis Kovacks and Eschen Eriksen against Jessie Newcomb for the purpose of removing a fence which, it is claimed, was set up by Mrs. Newcomb on the lands of Kovacks and Eriksen, and to enjoin her from using water diverted from their lands for other than domestic uses.

It is charged that Mrs. Newcomb set up a sprinkling system which diverts so much water from the lands of Kovacks and Eriksen, for irrigation and non-domestic uses, as to drain the supply from their lands.

A second casue for complaint is that in 1945 Mrs. Newcomb built a fence on the complainants' land which is encloses a row of trees which serve as a windbreak, and they ask that she be restrained from continuous trespassing and that she be required to set up the nature of her claims to the property, which has been in the possession of the plaintiff, their grantors and predecessors in ownership for 50 years. The land is in the Gualala section.

Preston & Falk are attorneys for Kovacks and Eriksen.

# HAEHL WILL RUN FOR RE-ELECTION

Announcing himself as a candidate for supervisor from the First district of Mendocino county, Ed Haehl of Boonville filed with the county clerk last week.

Haehl's supporters point out that

he is known personally to nearly every voter in his district and to most of the voters of the county. He is now in his eighteenth year on the county board having been appointed by Governor Young and elected four times. For the past nine years he has served as chairman.

Friends and associates of Supervisor Haehl emphasize that during his terms in office he has given his district splendid service in the matter of roads and bridges, and the county as a whole has been well served in its business and fiscal affairs.

"It is our confirmed opinon that Ed Haehl has made a good supervisor and has justly earned the confidence and esteem of the people," a committee of Haehl's county supporters reported this week.

# James L. Lindsey For Councilman

James L. Lindsey, candidate for city councilman, is a native of El Paso, Texas, a resident of California for the past 25 years and a citizen of Ukiah since 1943. The family home is at 51 Highland court and his family consists of his wife and three children—a son in high school and a son and daughter in grammar school.

In speaking of his desire to be a member of the city council, Mr. Lindsey said, "I have no particular platform to offer Ukiah voters. I have always followed the dictates of my conscience, and shall continue doing just that.

"My personal interest in our community is keen and is based not only on my desire for progressive and good civic government, but also upon the simple fact that I have much to work for in my business and home.

"I realize that I am not known to a great many voters in Ukiah and therefore wish to make this brief statement. I shall consider my election as a trust, and shall so treat it."

Prior to 1945 Mr. Lindsey was with the Tidewater Associated Oil Company as salesman and area supervisor between Ukiah and the territory north to Crescent City. Since January, 1945, he has been the Ukiah area distributor for the Associated. He is a member of Abell Lodge of Masons and of the Order of Eastern Star. The Lindsey family own their home on Highland court.

# Thatcher Tells 20-30 Club We Must Make Way For Growth

"We must prepare for a population of 12,000 within the next four years," Herbert Thatcher told the 20-30 Club at their dinner meeting in the Maple Cafe Tuesday night.

"There are 20,000 people a month coming into California, the nucleus of which will center in Los Angeles and San Francisco and the percentage of that number likely to settle in Ukiah is 4000. In order to keep the city more or less in its original outlines we should plan to keep all new industry outside the city limits, rather than inside.

"The population now has grown to the size where it requires changing the type of government from sixth class to a charter form of government. It should be started now, because it will take two or three years to establish the change, because it has to be granted in the state legislature.

In closing, Mr. Thatcher said: "In voting bonds and enlarging facilities we should allow for future growth of the city. The population has increased in the past three years and all indications are that 4000 within four years is a very nominal figure. Let us face the fact and build now for said increase, thereby saving in necessary taxation as well as inconvenience of widening streets and sidewalks, enlarging public buildings, for which no plans have been made in the original outline.

"The town we can have should be planned now, even as we grow."

# Red Cross Fund Campaign Gets Under Way Throughout Chapter; Willits Leads

As the first week of the 1948 Fund Campaign of the Mendocino County Chapter of the American Red Cross came to a close Saturday, the county's quota of $5500 was far from being "in the bag."

Despite the stacks of letters and contributions that flowed last week into the chapter headquarters in the Hotel Cecille building, the total received approximated $161 Friday evening and $307 Saturday for Ukiah, Potter Valley, Redwood Valley and Hopland.

This sum included a donation of $25 by the Lions Club and two personal donations of $20 as well as numerous $5 and other contributions. Check of the total was made Saturday noon and Orville Coleman, fund campaign chairman, said there were numerous letters in the unopened mail that would bring the total higher. In Ukiah area only the letter appeal is being made.

In Willits, where the drive is being made from house to house and in the business places, they raised double the amount that came into Red Cross headquarters in Ukiah. Mrs. William Talley, drive chairman for Willits, reported the total for that city approximated $600. That would leave Willits $1000 to go to make her quota of $1600.

On the county chapter's fund campaign committee besides Mr. Coleman are Louise Bernhard, George P. Anderson, Mrs. Arthur Schilder, Forrest Hughes and Burnam Heryford. Mrs. Bernhard told Ukiah Business and Professional Women's Club at last Thursday evening's meeting that volunteers are needed to keep the headquarters open afternoons. Regular office hours are 10 a.m. to 12 noon, when the executive secretary, Mrs. Cesira Delany, is on duty.

In letters that were received last week in the Ukiah area, W. K. Davis, head of the Mendocino County Chapter of the Red Cross, used the slogan given by President Harry S. Truman in his March 1 address, which opened the nation-wide drive of the Red Cross: "Many times a year the people come to the Red Cross. Once a year the Red Cross goes to the people. That time is now."

# County Crop Value Set at $9,852,310

SACRAMENTO, March 6. — (WNS) California is expected to show a huge gain in the number of farms, acreage under cultivation, and revenue from its diversified crops when the next federal farm census, now in course of preparation, is completed.

The 1945 farm census showed 134,145 farms in the state with 35,634,379 acres under cultivation, returning $1,426,278,830 to growers who in turn spent $26,384,418 for necessities in farm homes.

The census on file with the California Crop and Livestock Reporting Services shows Mendocino county has 1810 farms; 1,177,831 acres under cultivation; crop returns for the year totaling $9,852,310; and value of products purchased by farmers $750,189.

The census will be completed in 1950, the centennial of California's admission to the Union, and will form an interesting comparison with estimates of 1850 when agriculture was in its infancy, the service states.

# Independents Get 21 Committeemen

SACRAMENTO, March 10 — (WNS)—Central committees representing the independent progressive party of Henry Wallace are entitled to 21 committeemen in counties having less than five assembly districts, the same as the minimum allowed other parties, Attorney General Fred N. Howser ruled today.

Howser said that while the number of committeemen allowed a party is based on the vote given a party candidate at the previous election the minimum is 21. As Wallace's party is newly formed and with no voting record, it is entitled to the minimum allowed other parties, he said.

The opinion was asked by the district attorneys of San Luis Obispo and San Diego counties, doubt being expressed in the latter as to how many committeemen should represent Wallace.

The ruling applies in all counties except Los Angeles, San Francisco and Alameda, which have more than five assembly districts.
